

THE COLLECTOR'S GALLERY EVENT VENUE

An event at the Museum of the American Arts and Crafts Movement offers not only remarkable drinking and dining experiences, but also new perspectives and possibilities. When your guests are touched by our ARTfully unique surroundings, the memories will stay with them long after the event is over.

When food and beverages are required, MAACM's Executive Chef will work with you to develop a menu suited to your budget without sacrificing quality. A state-of-the-art gourmet kitchen is located just steps away from the Ballroom. Menus and Bar Price List are available upon request.

The 6,600 square-foot Collector's Gallery Event Venue at MAACM is the perfect venue for banquets, weddings, corporate functions, celebrations, receptions, seminars, holiday parties, sales meetings, and more. Day or night, grand or intimate, this venue combines the fine art of entertaining with unparalleled service and attention to detail. The adjacent 2,000 square-foot Collector's Gallery, the only exhibition space in the museum where drinks are allowed, offers a unique cultural connection to the Museum by exhibiting more than 75 outstanding examples of fine and decorative art from many of the Arts and Crafts movement's most important artists.

THE BALLROOM

The 3,700 square-foot banquet facility can accommodate up to 300 guests, a dance floor, and a stage for live music. Audio-visual equipment and a retractable projection screen are also available. Fifteen beautiful, vintage Doria Leuchten chandeliers, made of hand-blown Murano glass, adorn the Ballroom, providing luminous ambiance and vintage charm to your event.

COMPLETE YOUR EVENT WITH AMBROSIA CATERING

No event at MAACM is complete without the finest food and beverages to accompany your special occasion. Prepared in the Museum's state of the art kitchens, using the freshest ingredients available, our culinary team will work with you to develop a menu that fits within your budget without sacrificing quality. The Museum's event space is equipped with its own kitchen, so you can be assured the food prepared for your guests is made fresh on the premises and delivered to your tables directly from the kitchen rather than warming units, ensuring the highest level of customer satisfaction.

THE VINTAGE BAR

Adjacent to the Ballroom, the Vintage Bar area features an 18-foot-long Mont Oro bar from 1900, as well as antique breakfronts and hand-crafted pub tables.

THE COLLECTOR'S GALLERY

I have installed in the Collector's Gallery 75 rare and important art objects from the Two Red Roses Foundation Collection. This permanent museum gallery, adjacent to the Banquet Hall, is open to events participants and is the only art gallery where drinks are allowed.

Oil paintings on display represent leading artists of the period, such as Arthur Wesley Dow, Elizabeth Fisk, Emil Carlsen, Eanger Couse, Frank Duveneck, John Enneking, Childe Hassam, Maurice Prendergast, Arthur Mathews, and Edward Potthast. The latter's *Beach at Far Rockaway* achieved the American auction record for the artist of \$1.5 Million. On the adjacent wall there are four display cases filled with decorative works from the Arts and Crafts movement. One case displays ceramics by Grueby, Newcomb College, Frederick Rhead, Dedham, Valentien, Crook, and the Saturday Evening Girls. Another case is exclusively dedicated to objects designed and created by a most eclectic and prolific artist of the Arts and Crafts movement, Sarah Estelle (Sadie) Irvine, who worked and taught at the Newcomb Pottery for nearly forty years. She is most definitely my favorite of all the Arts and Crafts movement artists. Works by Irvine on display include watercolors, pottery, vellum tiles, and a one-of-a-kind ceramic lamp and clock boudoir set. The remaining works of art in the gallery are a carefully selected group of oils, prints, watercolors, pastels, and gouaches, all adorned by beautiful original Arts and Crafts frames.
